Dear Members of the School Board,

I am pleased to present the proposed FY2019 budget for your consideration. Each fiscal planning year reveals a unique set of opportunities and challenges that we must carefully consider to meet the ever-changing needs of our students, staff, and community. I am confident that this budget places the highest priority on meeting these needs and advancing education in Hanover County.

This budget represents the exhaustive efforts of many who are passionate about ensuring that Hanover County Public Schools remains exceptional, and I am grateful for their valuable contributions. This process involved engaging both internal and external stakeholders that included employees, administrators, parents, various employee and community advisory committees, School Board members, and county staff. Additionally, the Budget Advisory Focus Group, comprised of school employees, parents, and business leaders assisted with prioritizing budget items.

Fiscal Year 2019 is the first year of the state's biennial budget. The Governor's proposed budget reflects the routine re-benchmarking of the costs associated with the Standards of Quality. These adjustments include a recalculation of the Local Composite Index (LCI) for all localities in the Commonwealth. The LCI is often explained as a locality's ability to pay and based upon the true value of real property, adjusted gross income, and taxable retail sales. For FY2019 and FY2020, Hanover County's LCI increased by 1.83%, which resulted in an estimated \$2.2 million loss of state revenue. The state included partial funding to offset this loss in the first year of the biennium, but not the second year. In addition, enrollment and state budget growth resulted in revenue increases. Overall, the total net increase in state revenue for FY2019 for our division is \$524,304.

In addition to fluctuating state revenues, the rising cost of health care continues to be an area of concern. The division's cost of health insurance is increasing by more than \$2 million in FY2019 due to higher than expected employee health claims in 2017 and increasing costs. There is, however, one key area of savings projected for FY2019 in the Virginia Retirement System (VRS) benefit. After several years of significant increases, a reduction in the VRS rate will result in a \$600,000 savings.

Despite the challenges that are inherently a part of any budget development process, I am encouraged by what we will be able to accomplish through this proposed budget. This is due, in many ways, by the strong support of our local funding partners, who have made funding education a priority.

The key highlights of the proposed FY2019 budget are as follows:

- 2% salary increase for all employees (effective July 1st)
- Continuation of the Five-Year Technology Plan that includes:
 - 2 Instructional Technology Resource Teachers (ITRTs)
 - 1 Technology Support position
 - Laptops for all elementary and high school teachers
- 2.6 School Counselors
- 2 Behavioral Interventionists
- 1 English as a Second Language (ESL) Teacher
- 1 Special Education (SPED) Teacher
- 1 Bus Driver and 1 SPED Bus Assistant
- 8 additional student slots at CoderVA (for a total to 16 student slots)
- Visitor Management System for all schools

In addition to the operating budget, the proposed Capital Improvement Plan (CIP) represents an investment of more than \$78 million over the next five years. The CIP will fund renovations of the Lee-Davis and Patrick Henry High School auditoriums beginning in June 2018, as well as several smaller projects at buildings throughout the school division. In addition, the plan includes the design of a replacement elementary school in FY2022 with construction beginning in FY2023. We will continue to assess the condition of our elementary school facilities and work closely with county administration regarding funding options. Working collaboratively, we expect to complete a long-term plan by June 2018 that will extend beyond five years and include other school replacements.

We are proud of our *Tradition of Excellence* and recognize that we must strategically build our current and past successes to ensure we remain exceptional in the future. This proposed budget is an essential component of our continuous efforts in this regard and highlights the importance of collaboration, partnerships, and the relentless pursuit of excellence. It firmly supports our division's mission, vision, beliefs, and strategic plan, as well as promotes an equitable, relevant, and innovative education for all students. It also represents an investment in our students, staff, and the community we humbly serve. Thank you for your consideration and continued support of Hanover County Public Schools.

In education,

Michael Gill, Ed.D.

Revenue Narrative

Local Funds

Hanover County provides approximately 46.7% of the total revenue in the general fund. Local funding provides \$ 86,616,000 operational funds to support the required local match for the State SOQ revenue as well as to provide services above the State required minimum.

State Standards of Quality Funds

The Standards of Quality are established in the Virginia Constitution as the minimum educational program that school divisions must provide. The Code of Virginia dictates the specific requirements of the SOQ, including funding and staffing. The Commonwealth provides a portion of funding for the SOQ, and the balance of the funding must be provided by each locality based on a calculation of the locality's wealth, or ability to pay.

Funds are calculated (primarily on a per student basis) and distributed to school divisions based on basic aid, special education, career and technical education, prevention, intervention, and remediation, gifted education, remedial summer school, fringe benefits for funded instructional positions, sales tax (1.125% of sales tax is returned to localities based on school aged children), and textbooks.

A detailed calculation of SOQ funding can be found in the Supplemental Information section of this document.

Basic Aid	Basic Aid includes funding for the basic instructional positions derived from minimum student to teacher ratios required by the Standards of Quality (SOQ) [see §22.1-253.13:2, Code of Virginia] for each school division with a minimum ratio of 51 instructional personnel for each 1,000 pupils; plus all other personal and non-personal support costs funded through the SOQ.	46,716,876

HANOVER COUNTY PUBLIC SCHOOLS

FY2018-2019 Operating Budget

Description of School Funds and Explanation of Changes

The Hanover County Public Schools (HCPS) chart of accounts was modified in 2017 during the implementation of the new financial and payroll system. The new chart of accounts and reporting been better aligns with Virginia Department of Education account structure and charges positions to location. Although the FY2018 budget is amended in, the Budget Detail by Division report, there are still a significant number of dollar changes from FY2018 to FY2019 as we continue to perfect our reporting. Every Student Succeeds Act (ESSA) requires financial reporting by site. We are confident that the account changes will better prepare HCPS for transition to ESSA financial reporting in FY2019.

Expenditures in each fund are categorized by the type of expenditure. These categories are:

Salaries and Benefits - All payroll costs for full-time and part-time employees, as well as all fringe benefit costs including Social Security, life insurance, retirement, medical insurance, unemployment insurance, and worker's compensation.

Operating - All non-personnel expenditures excluding capital. This includes all payments for utilities, postage, telecommunications, insurance, travel, educational supplies and equipment, office supplies, and contractual services required by the School Board including printing, maintenance agreements, advertising expenses, and other contracted services.

Capital Outlay - All expenditures that result in the acquisition of new assets or improvements to existing assets valued at \$5,000 or more.

¹ "N/A" = no local match required for this program.

² ADM values shown are based on local projections of March 31 ADM for FY 2019 and FY 2020.

³ Columns may not add due to rounding.

⁴ Projected revenue estimate. Semi-monthly payments will be based on actual sales tax receipts. Pursuant to the Appropriation Act, the Basic Aid state payment calculation is based on the appropriated sales tax distribution only and is not adjusted for actual sales tax revenues received.

⁵ The Governor's Introduced Budget assigns the entire funding for Textbooks to the SOQ area. Required Local Effort for Textbooks is based on the payments in the SOQ area.

⁶ VRS Retirement includes payments for the Retiree Health Care Credit (RHCC). Please see the Budget Variables tab for the funded RHCC rate.

⁷ Projected state payment. Final payments will be based on actual expenditures, up to the projected state payment, subject to the availability of funds.

⁸ Includes state funding for regional vocational, special, and alternative education programs and Academic Year Governor's Schools.

⁹ Payments for Remedial Summer School are based on projected FY 2019 and FY 2020 enrollment used in the Governor's Introduced Budget.

¹⁰ Payments for the VPSA Technology Grants are made from bond proceeds on a reimbursement basis and may begin following each bond issuance. These payments include funding for the school division and the schools for which the division serves as the fiscal agent.

¹¹ Payments for the Virginia Preschool Initiative are based on projected FY 2019 and FY 2020 student slots used in the Governor's Introduced Budget.

¹² Payments for English as a Second Language are based on projected FY 2019 and FY 2020 enrollment used in the Governor's Introduced Budget.

¹³ Governor's Introduced Budget calculates the state share of Compensation Supplement funds based on a 2% salary increase effective December 1, 2019, for funded SOQ instructional and support positions.

¹⁴ The Governor's introduced budget proposes an increase of \$11.5 million in FY 2019 only to ensure that no division incurs a reduction in state funding in the first year of the new biennium, as compared to the FY 2018 state funding received under the Governor's proposed Caboose Bill amendments to the Chapter 836 budget.

¹⁵ The proposed per pupil funding amount for the Supplemental Lottery Per Pupil Allocation Payment is projected at \$273.92 for FY 2019 and \$273.26 for FY 2020; the total funding level each year for the per pupil allocations account is similar to the total funding level for FY 2018 in the Chapter 836 budget.

⇒ = SOQ accounts requiring a local match for purpose of meeting Required Local Effort.

BOLD = Account funding based on ADM; any changes in ADM numbers will result in a change in the state payment amount.

EXCEPTIONS:

*Please note the following exceptions to the standard composite index calculation as specified in the appropriation act (see actual appropriation act language under the tab labeled "Appropriation Act Language"):

1) For those divisions in which three percent or more of the adjusted gross income is derived from individuals who are not residents of Virginia, the Department of Education shall compute the composite index for such localities by using adjusted gross income data which exclude nonresident income. School divisions are no longer required to submit a certification form requesting the exclusion of nonresident AGI.

2) Any division with a calculated composite index that exceeds .8000 is considered as having an index of .8000;

3) Under hold harmless provisions addressing the consolidation of school divisions contained in the appropriation act and Section 15.2-1302, *Code of Virginia*, the composite indices to be used for funding in the 2018-2020 biennium for the following divisions are:

Alleghany County: .2423 (the index approved effective July 1, 2004); the 2018-2020 composite index for Alleghany County calculated based on the data elements from base-year 2015 is shown above as .2899.

This lower composite index of .2423 will be used for Alleghany County in FY19 ONLY. Upon completion of the 15-year hold harmless period in FY19, the calculated .2899 value will be used in FY20.

Bedford County: .3132 (the index approved effective July 1, 2013); the 2018-2020 composite index for Bedford County calculated based on the data elements from base-year 2015 is shown above as .4284. This lower composite index of .3132 will be used for Bedford County.

HANOVER COUNTY PUBLIC SCHOOLS
FY2018-2019 School Nutrition Services Operating Budget

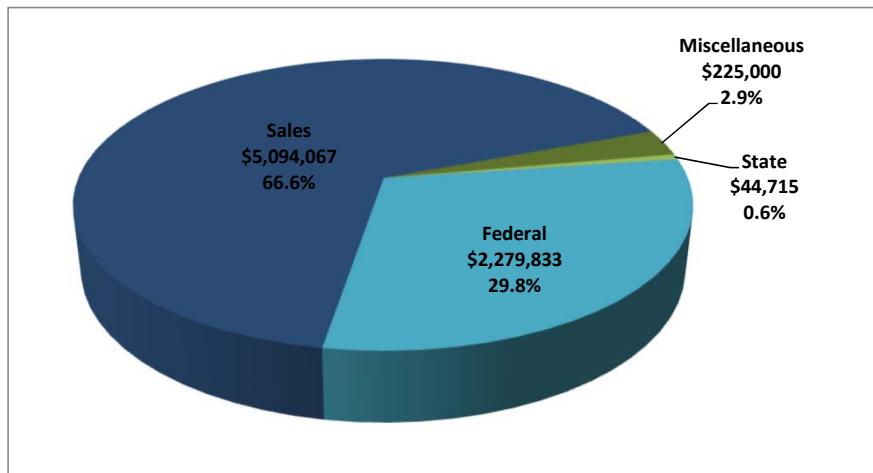

The School Nutrition Services budget for FY2017-2018 is based upon participation in both the National School Breakfast and Lunch Programs with the appropriate sales revenue and Federal and State funding based upon the anticipated participation levels for free, reduced, and paid meals.

Student lunch prices are set by standards enforced by the USDA. Meals served to adults are not eligible for federal or state reimbursement, nor do they count toward determining the value of USDA donated food assistance. Meals served to adults must be priced so the payment is sufficient to cover the entire cost of producing the meal. The pricing for a la carte entrees, side dishes, desserts and snacks are determined through the bidding process.

Food Services is proud to share our web-based menu program, powered by Nutrislice. These interactive menus provide photos, ingredient lists, and allergen and nutritional information for all menu items, as well as meal and a la carte pricing.

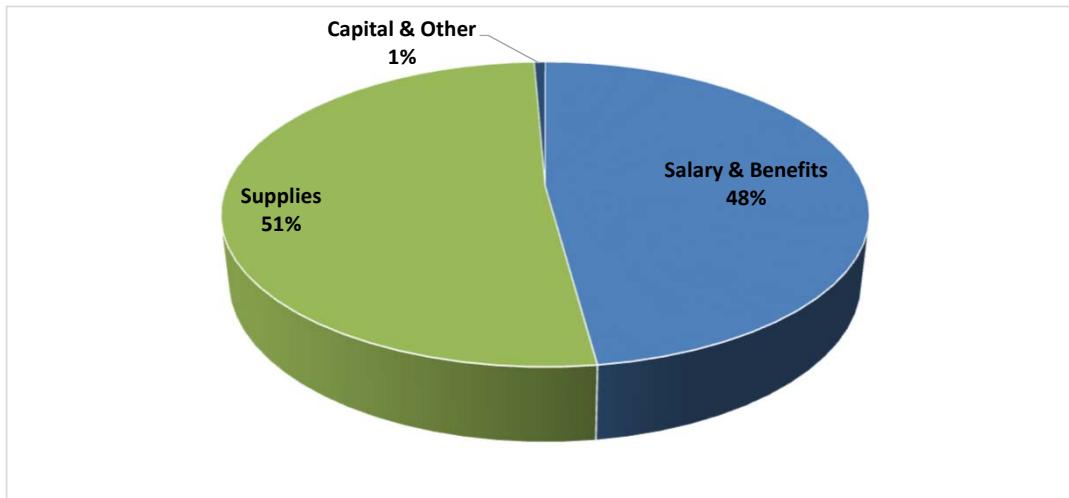

Visit <http://hanover.nutrislice.com> to find your school's menus.

A LOOK TO THE FUTURE

Dear Friends,

I am excited to share with you the Hanover County Public Schools Long Range Plan that will guide the future of education in Hanover County over the next several years to ensure our students continue to receive an exceptional education. This document represents the collective efforts of staff, parents, students, and community members who worked tirelessly to uphold our tradition of excellence. From our new vision—To Inspire. To Empower. To Lead.—to our mission, beliefs, and goals, our plan will serve as a living document and be put into action at all levels of the division to better serve our students.

Several important themes emerged from and are woven into the plan—relevance, equity, relationships, and community. Today's students will live and work in a world where critical thinking, collaboration, communication, creativity, and technological literacy will be essential skills, so our approach to education must be highly relevant and engaging. Additionally, we recognize that each student is an individual learner who needs appropriate, rigorous educational opportunities. Finally, we believe that strong relationships and community support are vital to our continued success and cannot be taken for granted.

The Hanover County School Board and I express our sincere gratitude to all who devoted their time and talents to this important process. We also extend our appreciation to our community for its continued support; we are a direct reflection of the community we serve. As we move forward, I assure you that we will implement our plan with care and accountability in order to provide our students with the world-class education for which Hanover County Public Schools is known.

In education,
